

HEALTHPOINT

Overview

This workbook contains the current HealthPoint items deployed with standalone HealthPoint using CSS control data templates.

Summary:

Values and Description

Column A	Action code: C = CREATE, U = UPDATE, D = DELETE Example <i>ITMCDE=C</i> defines the requirement to create Code
Column B	CSC HealthPoint Modality Identifier for the CSC HealthPoint Application
Column C	Code Type ANC = Ancillary.
Column D	Item Number
Column E	Specialty type G = General
Column F	Item Short Description
Column G	N/A
Column H	N/A

Column I	Item Fee to be configured.
-----------------	----------------------------
